MRS. CATHERINE SKINNER.

Remarkable Vitality of Mind and Body Possessed by Mrs. Catherine Skinner, of New Britain, Conn.

Her Strength and Clearness of Mind Are Sustained by the Nourishing and Life-Prolonging Powers of Duffy's Pure Malt Whiskey.

"I Have Found It a Wonderful Aid in Sustaining Health and Strength." She Writes:

"It gives me pleasure to say that I have used your Pure Malt Whiskey with the most beneficial results, and I have found it a wonderful aid in sustaining health and strength, especially for a person who is getting along in years. It tones up and regulates the system, aids digestion, stimulates the circulation and enriches the blood, gives a good appetite and makes you sleep well at night." CATHERINE SKINNER, 53 Beaver Street, New Britain, Conn., Sept. 27, 1904.

At her advanced age, Mrs. Skinner goes to mass at 7 o'clock, and sometimes she attends service twice a day. She eats her meals regularly with a good appetite, keeps her own room in order and threads her own needle. She reads a small print prayer book each day, with the help of her spectacles, and while her hearing is slightly impaired none of her other faculties are much affected by her extreme old age.

4000 Centenarians Owe Health and Old Age to

Duffy's Pure Malt Whiskey

No higher or more sincere tribute to the strengthening, health-giving and life-prolonging powers of Duffy's Pure Malt Whiskey could possibly be given than is conveyed by the earnest words of this devoted lady, who like thousands of other grateful men and women owe not only their sound, mental and physical condition, but their very existence to this grand, invigorating tonic and stimulant.

It is endorsed and recommended by ministers of the Gospel, doctors and temperance advocates for its health-giving powers and absolute purity.

It contains no fuel oil and is the only whiskey recognized by the Government as a medicine.

All druggists and grocers sell it, or it will be sent direct, on application, \$1 per bottle. Be sure you get the genuine. Look for the trade-mark, the "Old Chemist," on the label. Medical booklet and doctor's advice free. Duffy Malt Whiskey Co., Rochester, N. Y.

J. J. MATTHEWS DIES AT OLD AGE

Nestor of Richmond Bar Passes Away After a Brief Illness.

Mr. James Muscoe Matthews, nestor of the Richmond bar in point of age at least, died at 5:30 P. M. yesterday at the residence of Mrs. A. B. Meow, No. 461 West Main Street, where he resided.

Mr. Matthews was about eighty-three years of age, and had lived here for many years. He was born at Tappahannock, Va., in 1822.

His father was for many years the clerk of the County Court of Essex, and a man of prominence in his county.

Mr. Matthews was educated at William and Mary College, and later studied law and was admitted to the bar.

In 1848 he married Miss Ellen Bagby, a daughter of the late George Bagby, of Lynchburg. His wife died in this city several years ago.

Court Reporter.

Mr. Matthews settled in Richmond and practiced his profession here up to the time of his death.

He was for a long time reporter of the Supreme Court, and was removed by the Justices when they came into office in the '80's.

He reported volume 75, 1st Matthews, which is often referred to by the lawyers. Following this Mr. Matthews was for years a commissioner of the Chancery Court, and was regarded as one of the most prompt and accurate of all his associates.

He was the author of several law books, among them being "Matthews's Guide to Commissioners" and "Matthews's Forms."

Mr. Matthews was a man of sound judgment and of rugged honesty, and he enjoyed not only the respect, but the admiration of the entire bar.

A Fine Character.

He was essentially a chancery lawyer, and was seldom seen in the courts. While his advanced age had, of course, diminished his activity in recent years, yet he never gave up his work, but practiced humorous stories.

He was a most lovable gentleman and delighted in dealing in reminiscences and humorous stories.

He had only been sick a few days. He contracted a severe cold, and it resulted in an attack of pneumonia, from which he died.

Mr. Matthews leaves five children, all of Washington, D. C., and many relatives here and in Essex county.

His children are William B., lawyer, and George Bagby, artist; Mrs. Flemmer and two single daughters.

The funeral arrangements have not yet been made.

Stomach Heart Kidneys

Our lives, from moment to moment, depend on a set of tiny, delicate nerves, which are so small that fifteen hundred of them could be side by side in an inch. Ten lines more tender and sensitive than the pupil of the eye.

Yet, night and day, unguided and unaided, these little nerves must keep the stomach, the heart, the kidneys, in healthy action. For these organs have to do their work in the twinkling of an eye. The power is in the nerves. The nerves are the Masters. The organs are their slaves.

Understand that that we have two entirely separate systems. When we walk, or talk, or act, we call into play a certain set of nerves—nerves which obey our mental commands. That is why the arm can be raised, or the mouth opened, or the eye shut, at the slightest desire. That is why your fingers can delicately pick up a pin in one moment, and hold a heavy hammer the next.

But these are not the nerves we are to consider here.

It is the inside nerves that manage and govern and actuate the heart and the stomach, the kidneys and the liver and all of the vital functions. You cannot control these nerves. By no supreme effort of mind can you make your heart stop or start—nor can you even make it vary by a single beat a minute. And so with the stomach and the liver and the kidneys and the bowels—they are automatic and they do their work at a certain set speed, whether you are awake or asleep—whether you want them to or not.

It is on these inside nerves that life and health depend. So long as these nerves perform their proper duties we are well and strong. When they fail, we know it by the inevitable symptoms—stomach, heart, liver, kidney troubles.

Thus, we find that most forms of illness are, after all, only symptoms of the real trouble—inside nerve trouble.

For instance, indigestion, sour stomach, heartburn, dyspepsia, and all stomach troubles—diabetes, Bright's disease and other kidney disorders—heart troubles, liver troubles, bowel troubles, nervousness, irritability, all of these ailments are due to a single cause. Painful, disagreeable, this single cause. Painful, disagreeable, this single cause. Painful, disagreeable, this single cause.

There are different centers and branches of this inside nerve system (really only called the Sympathetic Nervous System). But each branch is so closely connected with the others that breakdown anywhere usually means breakdown everywhere.

This explains why stomach trouble develops into heart trouble—why indigestion brings on nervousness—why diseases become complicated. It explains, too, why

Slaves of the Inside Nerves

ordinary medical treatments are wrong—why medicine so frequently fails.

For, despite the discoveries of science, the common remedies of the day, which are aimed to treat the organ, not the nerve—the symptom instead of the cause.

Don't you, though you may not know medicine at all, see that this is wrong? That it is mere patchwork? That while the suffering organ is enjoying its temporary relief the nerve that is really sick may be getting worse and worse? Does

I realized, too, that all ailments which result from one cause may, of course, be cured by one remedy. I resolved not to do that. I resolved to treat the one nerve system which operates them all.

For those who treat only the symptoms need of different remedy for each. Such treatments are only palliative, the results do not last. A cure can never come in diseases of the stomach, heart, liver or kidneys, until the inside nerve power is restored. When that is done, Nature removes the symptoms. There is no need of doctoring them.

My remedy—now known by Druggists everywhere, as Dr. Shoop's Restorative—is the result of a quarter century of endeavor, along this very line. It does not dose the organ or deplete the blood—but it does go at once to the cause, the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

There is no mystery—no miracle. I can explain my treatment to you as easily as I can tell you why cold freezes water and why heat melts ice. Nor do I claim a discovery. For every detail of my treatment is based on truths so fundamental that none can deny them. And every ingredient of my medicine is as old as the hills it grows on. I simply applied the truths and combined the ingredients into a remedy that is practically certain.

In more than a million homes my remedy is now known, and relied upon. Yet you may not have heard of it. So I make this offer to you, a stranger, that every possible excuse for doubt may be removed. Send no money—make no promise—take no risk. Simply write and ask. If you have never tried my remedy, I will send you an order on your druggist for a full dollar bottle—not a sample, but the regular standard bottle, he keeps constantly on his shelves. He will accept my order as cheerfully as though your dollar lay before him. He will send the bill to me.

C. I. Shoop, M. D.

This not explain to you why relapse so frequently follows a supposed cure? Does this not account for the uncertainties of medicine? More than thirty years ago this thought came to me:

"If life and health depend upon perfect heart action, upon proper stomach digestion, upon correct kidney filtering, why does not life itself depend upon these life governing power nerves—these inside nerves?"

DIED SUDDENLY, ASKING FOR HELP

Quick End of Mr. M. F. Garrett in Petersburg Drug Store.

A BURGLAR CONFESSES

PETERSBURG, VA., Feb. 11.—Mundoz F. Garrett died of acute indigestion in Armstrong's drug store this evening within ten minutes after entering the place. After asking for medicine, he suddenly called for help, saying: "I am dying," and expired before medical aid could reach him.

Mr. Garrett was about fifty-five years old and was well known here, having been an engineer on the Norfolk and Western Railroad for many years. His home was in Blanford. He was a widower and leaves several children.

BURGLAR'S CONFESSION.

Chief of Police England is holding for the Suffolk authorities a white man who gives his name as Joseph Ayers and is believed to be one of several burglars who recently stole a supply of tools from a house in Suffolk.

Ayers has admitted the charge, saying that he was drunk at the time and implicating two others whose names he does not know. The man was arrested by Police Officer Gallion and a number of mechanic's tools were found on him.

BURGLAR'S CONFESSION.

Francis Bland Randolph Chapter of the Daughters of the American Revolution held an enthusiastic meeting last evening at the residence of Mrs. E. W. Oring and decided to hold a silver tea on the afternoon of February 22d, at the residence of Mrs. W. H. Camp, to raise funds for the Virginia column in Continental Hall, at Washington. The chapter also proposes to build a monument to the memory of John D. Burke, the brilliant young Irishman, author of a history of Virginia, who was killed in a duel just across the Appomattox River, in Chesterfield, and is buried on the outskirts of this town.

and party will be given at the residence of Mrs. Preston Roper to aid the Burke Memorial fund.

Last evening's meeting was largely attended and the social pleasures were especially attractive. Mrs. Wm. Pryor Jones read most interesting "Reminiscences of George and Martha Washington" and Miss Frances Starr gave a charming recitation. The musical feature of the occasion was the delightful singing of Mrs. Holliday, of Washington, who was Miss Jennie McIntire, of this city.

FIGHTING FOR LIFE OF MAN WOMAN HOPES TO ESCAPE DEATH

Petition of Greason Will be Taken to Supreme Court of Pennsylvania To-morrow.

(By Associated Press.)

READING, Pa., Feb. 11.—The fight for life which Mrs. Kate Edwards and Samuel Greason are making will be centered on Monday in Philadelphia, where the Supreme Court will hear Greason's petition to reopen the case with the view of giving him a new trial, based on the woman's assertion of his innocence, and on Wednesday the matter will be presented to the meeting of the board of pardons in Harrisburg.

To-day Mrs. Edwards was more cheerful than at any time in two months. Greason, who has had twelve death warrants read to him and has been deprived eleven times; whose case has already been before the Supreme Court five times, and for whose benefit the Legislature passed a special act two years ago, believes that his counsel will succeed in having him liberated. Mrs. Edwards expects commutation to life imprisonment if Greason is saved from the gallows by her confession.

NOMINATES JUDGE LEWIS Commercial-Appeal Thinks Richmond Man Good Cabinet Timber

Tennessee is urging a Virginian for a place in the Cabinet of President Roosevelt and a Richmonder he is. The Memphis Commercial-Appeal in its issue of Wednesday last editorially commended Judge Laurence L. Lewis for a position in the Cabinet of the President-elect, and in doing so pays a fine tribute to the man. The distinguished ex-president of the Supreme Court of Appeals is in great demand. He is now United States attorney for the Eastern District of Virginia and is being almost universally urged as the candidate of his party for the governorship of the State at the November election. Now two States are ready to push him for a Cabinet position. The Commercial-Appeal editorially has this to say of Judge Lewis:

"It is reported from many sources that President Roosevelt will offer a Southern man a seat in his Cabinet. On the heels of this rumor it is learned that the Re-

publicans of Virginia are urging the claims of Hon. L. L. Lewis with decided hopes of success.

"Judge Lewis is at present United States District attorney, located in Richmond, Va. Prior to this appointment he was for twelve years a distinguished member of the Court of Appeals of Virginia, finally being chosen Chief Justice of that eminent tribunal. He is a Republican by hereditary as well as through conviction, his family at all times standing for the Union. Judge Lewis is a vigorous thinker, a man of a high grade of intellectuality and of irreproachable character. He is eminently fitted, therefore, for any exalted office within the gift of the President.

"Memphians entertain a personal interest in the fortunes of this Virginian as his wife is a member of one of the foremost Tennessee families. She was Miss Janie Looney, daughter of the late Colonel Robert P. Looney, who served South faithfully as a Confederate soldier, and at the time of his death held the honorable position of Chickamauga National Park Commissioner.

THE ORANGE HUNT CLUB'S FINE RUN

The Hounds Laid on at Woodberry Forest School.

ELEGANT HUNT BREAKFAST

A Splendid Field and a Number of Richmond Riders.

(Special to The Times-Dispatch.)

ORANGE, VA., Feb. 11.—The weekly meet of the Orange County Hunt for today was held at Woodberry Forest, which after to-day will be almost as celebrated for the high-class hunting which it affords as it is already celebrated for its unsurpassed advantages as a high school.

The hounds were laid on in front of the school building, and went a clipping gait out towards the Robinson River for about three miles, then turning a big semicircle, they headed back towards the school, which many thought but which was, however, after a slight check the field was led away at its former unvarying pace, and when the run finally ended near the school building, the count of miles was ten long ones.

It speaks well for the class of horses used when there were but two slight falls in the whole run.

After the hunt Mr. Joseph G. Walker entertained the club at a hunt breakfast, which completed a day of the most royal sport.

Among those riding were Mr. Jeffrey Woodruff, M. F. H., on Seven-Up; Mr. Wilbur Osborne, on Hays, and Mr. H. T. Holaday, Jr., on Cavalry, the two last from Rutledge and Iron and steel and tin from Rutledge; and from the same place, Mr. C. H. Walker, on High Boy; Dr. T. S. Ricketts, on Hayfield; Mr. Edwin Conway, on Virginia; Mr. W. F. Jones, on Dandelion; Mr. O. H. Lyne, on Little Sanford; Mr. August Wamsley, on Peggy O'Neill; Mr. Jack Woodruff, on
